Anvil Wall Light with LED Arm

The Anvil dual wall light in polished chrome has a fixed arm and features an adjustable LED reading lamp, with two discreet rocker switches on the face of the backplate.

Shown here with an optional **square shade** in taupe silk, available to buy separately. The Anvil shade is crafted individually by hand in our UK workshop and available in a comprehensive choice of stunning, on-trend colours, from our extensive palette of luxurious 100% silk dupions, silk linens and smooth satin fabrics. The shade is neatly finished with a rolled edge and supplied with a rigid hard backed white laminate lining.

The Anvil wall light is also available with a **Fixed** and **Swing arm** design.

We recommend the use of an LED Classic GLS Lamp (see **BUL-E27-LED-17**) with this wall light, to be ordered separately.
