Drum Tall 20cm Shade Two Tone

A tall, appealing cylinder shade with a sharp rolled edge finish, crafted individually by hand in our UK workshop. Our shades are available in a comprehensive choice of stunning, on-trend colours in luxurious 100% silk dupions, silk linens and smooth satin fabrics.

To create a truly personalised lampshade, the shade can be lined with any fabric from our extensive fabric palette. Why not build your own two tone shade with our Customise tool?

Designed to accommodate a 29mm (BC or SES) to a 42mm (ES) lampholder. Suitable for use with an electrified ceiling fitting, wall light or with a lamp base, without the need for tools or an electrician.

Our bespoke or customised light fitting items are not covered by our standard returns policy. These are 'made to measure' light fittings that are made to your individual requirements and cannot be resold by us. We will work with you and do our utmost to make sure you are 100% satisfied with your order before your light is made, but regret we are unable to offer refunds on bespoke fittings after the initial 24 hour cooling off period. Our production and delivery time for bespoke items is 2-3 weeks. (None of the above affects your statutory rights where goods are faulty or not as described).
