

THE *Light Shade* STUDIO

MADE IN BRITAIN

Paolo 3 Light Ceiling Flush 50cm

The small Paolo Ceiling fitting combines a shallow drum shade with a white cotton diffuser which provides a soft and even distribution of light. The shade sits neatly to the ceiling and the minimal height of the shade makes it a popular choice for areas with low ceilings. An ideal solution for the energy conscious, there is also ample space inside the shade to accommodate three energy saving lamps. The Paolo fitting can also be supplied with dedicated LED control gear upon request.

The outer shade is manufactured from a comprehensive choice of stunning, on-trend colours in luxurious 100% silk dupions, silk linens and smooth satin fabrics, with a rigid white laminate lining. The Paolo ceiling flush shade is finished with a clean rolled edge.

Our bespoke or customised light fitting items are not covered by our standard returns policy. These are 'made to measure' light fittings that are made to your individual requirements and cannot be resold by us. We will work with you and do our utmost to make sure you are 100% satisfied with your order before your light is made, but regret we are unable to offer refunds on bespoke fittings after the initial 24 hour cooling off period. Our production and delivery time for bespoke items is 2-3 weeks. (None of the above affects your statutory rights where goods are faulty or not as described).

We recommend the use of 3 x LED Classic GLS Lamps (see **BUL-E27-LED-17**) with this ceiling flush, to be ordered separately.
