MADE IN BRITAIN

Renoir Wall Light With Shade 30cm

This versatile wall light combines a half drum fabric shade with a frosted glass diffuser and polished chrome detailing. The shade is manufactured with a clean rolled edge finish on a rigid hard backed white laminate lining. Shades are crafted individually by hand in our UK workshop, in an exquisite choice of colours and fabrics including 100% silk dupions, silk linens and smooth satins.

The classic Renoir wall light can be used in a variety of interior spaces. Its frosted diffuser made from tempered glass, produces a soft diffused light spill and is secured with a polished chrome plate and finial. An ideal solution for the energy conscious, there is ample space inside the shade to accommodate an energy saving lamp.

Our bespoke or customised light fitting items are not covered by our standard returns policy. These are 'made to measure' light fittings that are made to your individual requirements and cannot be resold by us. We will work with you and do our utmost to make sure you are 100% satisfied with your order before your light is made, but regret we are unable to offer refunds on bespoke fittings after the initial 24 hour cooling off period. Our production and delivery time for bespoke items is 2-3 weeks. (None of the above affects your statutory rights where goods are faulty or not as described).

We recommend the use of a LED Classic GLS Lamp (see **BUL-E27-LED-17**) with this wall washer, to be ordered separately.
