

THE *Light Shade* STUDIO

MADE IN BRITAIN

Tapered Drum Shade 80cm

A contemporary tapered drum shade with a sharp rolled edge finish, manufactured by hand in our Oxfordshire workshop. Our shades are available in a comprehensive choice of stunning, on-trend colours in luxurious 100% silk dupions, silk linens and smooth satin fabrics.

The shade measures 80cm in diameter across the bottom ring and is designed for use as a pendant only. Due to the weight of the shade and to ensure stability, the Tapered 80cm pendant shade must be used with our 6 light suspension (**SP0650**) which features a polished chrome ceiling cup and central riser tube and 3 tension cables.

The lampshade is made with a hard backed white laminate lining and also available with a lavish gold, silver or bronze metallic option. This silk shade collection truly radiates modern simplicity. The Tapered pendant shade is also compatible with a coordinating floating baffle which gives a beautifully diffused light. See our **Hastings 80cm pendant** to see how we have combined all options.

Our bespoke or customised light fitting items are not covered by our standard returns policy. These are 'made to measure' light fittings that are made to your individual requirements and cannot be resold by us. We will work with you and do our utmost to make sure you are 100% satisfied with your order before your light is made, but regret we are unable to offer refunds on bespoke fittings after the initial 24 hour cooling off period. Our production and delivery time for bespoke items is 2-3 weeks. (None of the above affects your statutory rights where goods are faulty or not as described).
